The Find Joy Mint-Green Faux Leather Devotional is a 60-day devotional that takes readers on a journey to discover how to find true joy no matter the circumstances. The Bible tells us to "rejoice always," but can we really find joy when we are worried about finances, our relationships, or our future? The answer is a resounding "Yes!" Shaunti Feldhahn's 60-day devotional will guide you on a journey to transform your thinking and find Christ-focused delight even amid everyday struggles and worries. Joy is not a positive-thinking exercise; it is an intentional choice to trust God that will transform your mind and heart.

The devotional gift book's cover is designed with elegant, muted mint-green faux leather that is heat-debossed with a floral wreath with leaves and flowers woven together in a circular pattern. In the center of the wreath, the title is displayed in gold-foiled letters, while the subtitle is displayed beneath it.

Find Joy

A woman's devotional to find true joy in all circumstances.

The devotional's sophisticated and feminine design is concluded with a matching satin ribbon marker and gilt-edged pages. However, the showstopper is the brightly colored interior that features large floral designs.

In the Find Joy Mint-Green Faux Leather Devotional, Shaunti Feldhahn thoughtfully guides readers through a transformative journey of discovering true joy. Beginning with a foreword by Alli Worthington and a personal note from the author, this devotional focuses on eight essential elements of joy supported by both scientific research and biblical wisdom. Rather than a simple exercise in positive thinking, joy is presented as a purposeful, Christ-centered decision that can profoundly impact your heart and mind. Through this devotional, you'll learn how to shift your perspective and embrace the deep, lasting joy that God offers each day.

Shaunti Feldhahn is a best-selling author, popular speaker, and groundbreaking social researcher known for her work in uncovering surprising truths about relationships. With a master's degree from Harvard University, she brings her analytical expertise to her research, which has been featured in outlets like Focus on the Family, FamilyLife Today, the New York Times, and Cosmo. Previously, Shaunti worked on Wall Street and Capitol Hill, and she now dedicates her career to helping individuals and couples better understand each other through her insightful findings.
