oprawa:	miękka

Tom de Wal was part of a very special move of God, where many people are saved and many lives are completely transformed. Since the very beginning of this move of God, Tom noticed that people come to the same meetings and hear the same messages, but nothing changes. Why not? What's going wrong? Years ago, when Tom took this question to the Lord, He lead him to the Parable of the Sower, where he found the answer. It's not for nothing that Jesus, Himself called this the most important parable ever. In this parable, Jesus tells us why many people don't bear fruit in their lives, in spite of the fact that they hear God's Word and how we can make sure that we bear hundredfold fruit in our lives. This book contains the answers that Tom found in the Parable of the Sower. The content of this book will change your lives, helping you grasp the ability you have to bear hundredfold fruit in God's Kingdom. Points for reflection are given for every chapter.
